

Atlona 4x4 HDMI Matrix Switcher over Cat5/Cat6

AT-HD44M-SR

Atlona's new AT-HD44M-SR 4x4 HDMI Matrix over CAT5 provides the most flexible and cost effective solution in the market to route high definition video sources plus multi-channel digital audio from any HDMI source to the remote displays at the same time. Through low cost Cat5 or Cat6 LAN cables, high quality video and audio can be transmitted to the display sites. Its IR extension function allows users at display site access the DVD player, PS3 or any HDMI equipped devices directly!

- HDCP compliant
- Allows any source to be displayed on multiple displays at the same time
- Allows any HDMI display to view any source at any time
- Allows to control Local video sources such as DVD and TiVo by IR extender
- video signal up to 100 feet over CAT-5e or Cat6 at 1080p or 200ft at 1080i
- Easy installation
