ATLONA TECHNOLOGIES RELEASES NEWEST ADDITION TO THEIR HDMI SWITCHER LINE WITH THE 2X16 HDMI 1.3 DISTRIBUTION AMPLIFIER

Atlona Technologies, solutions manufacturer of audio video accessories, releases the newest addition to their HDMI Switcher Line with the 2x16 HDMI 1.3 distribution amplifier, the AT-HD-V216

Atlona Technology has been continuously expanding upon their HDMI accessory line in order to keep up to date with the latest demands in the AV industry. To further assisting these needs, Atlona has added to their HDMI Switcher line with the all new AT-HD-V216. The AT-HD-V216 is a high performance 2x16 HDMI 1.3 Distribution Amplifier designed to work as a splitter for any HD video application. With two HDMI 1.3 Inputs and boasting 16 HDMI 1.3 Outputs, this unit is capable of splitting any High Definition signal from two sources to sixteen separate displays with compatible HDMI inputs simultaneously.

Atlona's AT-HD-V216 allows any digital video source with HDMI outputs (such as: DVD, Satellite, Cable Box, PC, Xbox360, PS3 and more) to connect to upwards of sixteen simultaneous HD displays. With the added HDMI 1.3 support, there are many other attributes such as an increased single-link bandwidth. The increased bandwidth enables support for Dolby TrueHD (5.1/7.1/10.1 Ch) audio as well as a higher display resolution and deeper color depth for all sixteen HD displays. Atlona's 2x16 HDMI 1.3 Distribution Amplifier has the ability to send HD signal great distances at resolutions up to up to 1080p or 1920x1200 and data rates up to 6.75Gps, with no signal or picture degradation. Along with being HDCP compliant and containing a supported EDID function, this unit is also DVI compliant by simply using an HDMI to DVI adapter. Multiple control options are available with this unique switcher including front panel, RS232, and IR remote.

Atlona's 2x16 HDMI 1.3 Distribution Amplifier is perfect for in store HD video displays, education and worship facility applications, and especially beneficial for high quality digital signage. The AT-HD-V216 is officially available now with an MSRP of \$999.00
